Your First Donor Report from Turkey

Salaam

[NAME OF SPONSOR],

We're so pleased to have you on board with our Health, Hifz and Happiness programme.

Our Turkey Profile

Nearly 70,000 Uyghurs have fled the cultural genocide in their homeland of Xinjiang, also known as East Turkestan, leaving behind cherished memories and loved ones as they seek refuge in Turkey.

Through your sponsorship, a Uyghur Hifz student can hold onto their heritage and Islamic faith while receiving a life-changing education to help themselves and their community.

Note: Please ensure all reports relating to your Hifz sponsorship maintain confidentiality and are not publicised as they contain sensitive personal identifying information on the child.
